# Bring your ideas to life

Bruntwood Works creates and manages some of the most innovative retail and leisure spaces across Manchester, Liverpool, Cheshire, Leeds and Birmingham. Our team of specialists work with over 150 operators including independent shops, restaurants, bars, cafes and street food traders as well as national retailers, gyms, and hotels.

## ***We're here to help make your vision a reality***

From new concepts to the tried and tested, we provide a bespoke service offering flexible opportunities in vibrant places to enable your business to engage, thrive and grow.

### **Visionary**

We're a team of forward-thinking retail and leisure experts with a track record in creating industry firsts. We love the pace and constant change created by our industry, which is why we work with both leading brands and promising entrepreneurs with fresh ideas.

### **Relationship focussed**

We'll collaborate with you to find the perfect fit for your retail or leisure business. We carefully align your brand with the perfect destination, space and support.

### **Invested in you**

We know what it takes to create successful retail and leisure brands. All of our spaces and destinations provide ideal conditions to launch new concepts. Our products and services scale flexibly as you grow, meaning you'll always be in the perfect place.

**Bruntwood Works is delighted to present a new opportunity to the market for a 367 sq ft unit space at St. James' in Manchester City Centre.**

Previously operating as a flower shop, the space would suit a range of retailers, including independent shops to cafes and service retailers.

Plus, being located on Manchester's busy Oxford Street near the city's universities, you'll see high footfall of students and workers alike.

**Oxford Road Corridor**

 **70,000** students with 70% graduate retention rate.

 **63,400** people work here, estimated to increase to 74,000.

 **57%** of its activity is in knowledge intensive sectors.

 **91,000** Oxford Road weekly footfall.

 **£3 billion** It generates £3 billion, per annum, 20% of Manchester's economy over the last 5 years.

 **Green** It's a leader in green transport planning.

*The ultimate goal is to leave our towns and cities in a better place than we found them.*

# Net Zero Carbon

## Committing to a sustainable future

We take creating sustainable environments seriously as we know that we can only fulfil our purpose of 'creating thriving cities' if we can deliver sustainable and environmentally-conscious spaces.

We were the first commercial property partner to sign up to the Green Building Council's Net Zero Carbon Commitment pledge, which aims for new buildings to be net zero carbon by 2030 and older buildings the same by 2050.

We are committed to leading the way with sustainability and we have a range of initiatives in place from waste disposal to using smart technology and using renewable energy to promoting sustainable transport, all with the aim of becoming a more sustainable business.

Our commitment to Net Zero Carbon is one of the reasons we're championing sustainable practices, and it's why we've created a specific set of science based targets to monitor our emissions.

The Carbon Trust helped us define these targets through a process that assessed global emissions, the emissions produced by the property sector, and how much of those emissions we are responsible for. Then, they can estimate how big that portion will be by 2050. By putting our targets in place, we can monitor and improve our output more efficiently.

We've introduced other measures in the fight against global heating, too:

### **Smart buildings strategy**

We're introducing algorithmic learning into our buildings. Sensors will gather data about heating, lighting and motion to help us use energy more efficiently.

### **Solar panelling**

We already have solar panelling on many of our buildings, but we're stepping up our commitment to solar power by installing batteries to store energy for later use.

### **Waste processes**

Our partnership with B&M Waste is the first step in diverting 100% of our waste from landfill.

### **Water audits**

Reducing water usage saves energy, helping to lower carbon emissions. That's why our Utilities team has carried out water audits across the estate. So far, they've been able to save two Olympic sized swimming pools worth of water per month.

### **Riser adoption**

We're transforming the way we use electricity in our buildings, using specialist risers and voltage optimisation. These measures help us regulate, clean, and condition the incoming power supply, leading to lower energy usage.

# Sparking great ideas

***If our customers thrive, so do our cities and so do we. We want businesses that start out with Bruntwood Works, to grow and scale with Bruntwood Works.***

## **Business Support**

Building solid partnerships is part of our commitment and desire to create successful environments for people to work in. The Spark Programme will bring together the resources, community and connections our customers need to reach their business goals.

To deliver our best in class Business Support offer, we are working with Regional Partners such as Alliance Manchester Business School as well as nationwide organisations such as Enterprise Nation. Throughout the year we will be delivering a mixture of in-person and online events across all of our Regional Cities.

## **Spark Webinars**

Hear from industry experts on subjects relevant to your business, providing insightful knowledge for you to build on.

## **Spark Advisors**

Exclusive to Bruntwood Works customers, you can access advisors, one-on-one, giving you tailored advice and practical support based on your needs.

## **Spark Connections**

With over 40 years experience within our cities and 55,000 people based across our buildings, we have a wealth of customers and contacts to connect you with, so you spark a new connection.
